

SANSKRITI INTERNATIONAL SCHOOL

MONTHLY

NEWSLETTER

October-November 2024

NOTE FROM THE PRINCIPAL

**Dear Parents,
Greetings and Namaste!**

October and November hold a unique charm for all Nepalese as we come together to celebrate the joy, traditions, and cultural richness of Dashain and Tihar. This festive season offered us a time to pause, reconnect, and rejuvenate with renewed energy. We celebrated by crafting and flying kites, engaging in Mha Puja and rangoli decorations. These events not only sparked excitement but deepened our cultural pride and sense of community.

During these months, we also organized our annual grade-wise class trips. Whether exploring international destinations like India or venturing into Nepal's breathtaking landscapes, these excursions have provided opportunities for learners to enrich their diverse outdoor learning experiences, fostering personal growth and resilience. While a few trips were postponed due to unavoidable circumstances, we remain steadfast in our commitment to reschedule them in the coming months, ensuring every learner benefits from these enriching journeys. The highlight of this initiative was an exhibition titled "The Red Dragon meets the Golden Triangle," where learners showcased their insights and creativity. Kudos to them for the effort and creativity of Grade 6-9 learners.

Moreover, we successfully conducted our quarterly Student-Parent-Teacher Conference, a collaborative platform to strengthen the learning environment. These sessions proved invaluable as they allowed for meaningful discussions, insightful feedback, and a

shared vision for continuous growth within our school community.

Another event that fills Sanskriti with immense pride is the Sanskriti Model United Nations (SMUN). This year's SMUN 6.0 brought together young visionaries from 19 schools across Kathmandu and beyond, including participants from Biratnagar, Birtamod, and Pokhara. Nearly 400 delegates representing 15 diverse committees convened for two days of intense debates and discussions on pressing global issues. Through this initiative, our learners embraced the principles of diplomacy, cooperation, and critical thinking, taking a step forward in the pursuit of global peace. Heartfelt congratulations to all participants, especially those recognized as Best Delegates, Honorary Mentions, and Special Mentions for their outstanding research, knowledge, and communication skills.

As we reflect on these accomplishments, I would like to extend my heartfelt gratitude to our dedicated faculty for their unwavering commitment and to you, dear parents, for your invaluable support and partnership. Together, we foster a nurturing environment that promotes the holistic development of every learner. This collaboration between parents, teachers, and students remains pivotal in driving our school's success and shaping the bright futures of our learners.

**Warm Regards
Timila Shrestha**

Grandparents Day by Early Years

Grandparents Day offers a heartwarming opportunity for our little ones to express their gratitude for the love, care, wisdom, and support their grandparents provide. It celebrates the bond between generations and honours the traditions, knowledge, and experiences shared with the younger generation.

On Tuesday, October 1, 2024, Early Years celebrated this special occasion with joy and enthusiasm. The learners delighted their grandparents by performing various Nepali and English songs, dances, and plays, showing their deep affection and appreciation for their grandparents' vital role in their lives.

We extend our heartfelt thanks to all the grandparents who joined us for this memorable Grandparents Day. This celebration acknowledges the hard work, commitment, and love that grandparents invest in their grandchildren, whether bringing them to school, helping with homework, or being present at outings.

The day was filled with blessings, joyful faces, excitement, and cheer as the budding stars of Early Years showered their grandparents with love and affection.

Early Years celebrates Tihar

Enthusiastic little learners from the Early Years were all smiles as they dove into the vibrant celebrations of Tihar through a range of engaging, hands-on activities! From crafting beautiful Tihar cards and painting diyo-oil lamps to creating a special booklet capturing the essence of the five-day festival—beginning with the lively traditions of Kaag Tihar—every moment was a blend of learning and fun. The children also listened to traditional Deusi Bhailo songs, swaying to the festive rhythms and immersing themselves in the joyful spirit of Tihar. The experience was not only educational but filled with excitement and pure joy!

Unforgettable Adventures Under the Stars

Grade 1 learners embarked on a memorable one-day night camp at school on October 25, 2024, where they discovered new skills, made lasting friendships, and enjoyed endless fun! From setting up their tents with guidance to creating a cosy space for the night, the young adventurers eagerly embraced each activity.

The day was packed with excitement, starting with games like musical chairs, memory, hand-foot coordination, and balancing games—all contributing to their development and teamwork skills. As the sun set, they gathered around a crackling bonfire for a marshmallow party, enjoying snacks, a delicious barbecue, and a hearty dinner, which fueled them for the next day. A movie under the stars added to the magical experience.

In the morning, the campers refreshed and started the day with a warmup dance session, moving to upbeat music with friends. This camp was more than just fun—it was a journey of building confidence, adaptability, and respect. Here’s to many more nights of adventure, learning, and friendship!

Exploring Fractions and Place Value Through Hands-On Activities!

On November 6, 2024, our Grade 1 learners dove into the world of maths in an exciting, interactive way this month. Using real-life objects like apples and chocolates, learners could experience fractions firsthand, splitting and sharing pieces as they learned about halves, quarters, and more! We also introduced fraction kits to visualise parts of a whole further, helping our young mathematicians deepen their understanding of this foundational concept.

For place value, learners worked with bottle caps and place value boards, a hands-on way to grasp tens and ones. Not only did this activity make learning place value fun, but it also encouraged them to think about recycling and repurposing materials creatively.

These activities are designed to promote broader thinking and environmental awareness. We're proud to see our learners learning maths while also considering the importance of reusing everyday items.

▶ Exploring Emotions

Grade 2 learners eagerly participated in engaging activities centred around understanding and expressing emotions. The learners showed great enthusiasm as they participated in hands-on activities, such as Emotion Charades, guessing different emotions, illustrating their emotions, watching videos based on being empathetic and playing the 'Wheel of Emotions' game. These activities allowed them to explore feelings like happiness, sadness, confusion, and surprise in an interactive and fun way. In addition, the learners shared their personal experiences with these emotions, discussing how they felt in various situations. These activities helped them reflect on their emotional responses and better understand each other's feelings. What stood out most was their empathy when talking about all these emotions, showing a growing sense of emotional awareness and connection with their peers. The entire class was highly engaged, expressing their emotions openly and confidently. It has been a fantastic week of learning, and the learners look forward to many more enriching experiences!

▶ Seeing the Light

On Thursday, November 7, 2024, the second graders put on an impressive and lively showcase to conclude their IPC unit, "Seeing the Light", with enthusiasm. They guided the audience through the learning journey, from sharing their initial ideas to confidently explaining the core themes.

They demonstrated how sunlight impacts the size and shape of shadows, encouraging parents to join in by drawing shadow outlines of small puppets. Adding depth to their presentation, the learners discussed the importance of light sources for plants and all living beings, the causes of day and night, the role of lights in various festivals, and the fascinating effects of polar day and night on those who experience it.

Visitors were also invited to participate in activities such as matching shadows of nocturnal animals and identifying natural versus artificial light sources. The parents left being inspired by the learners' knowledge and creativity, delighted to see their children's growth and curiosity on full display.

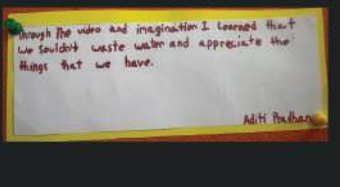

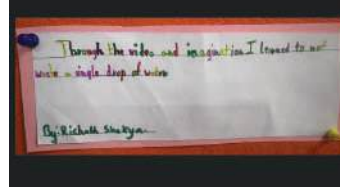

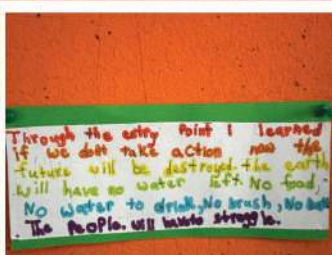

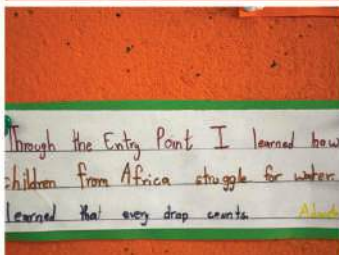

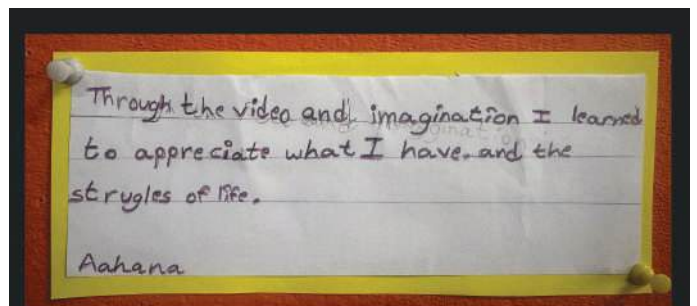

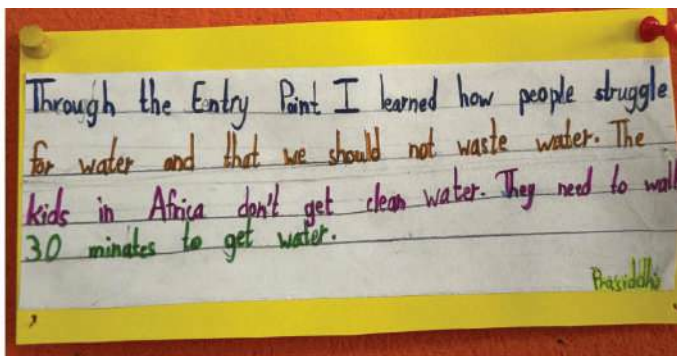

▶ Exploring the Importance of Water Conservation

On November 18, 2024, Grade 3 learners engaged in a thought-provoking Entry Point activity as part of their SDG-focused unit, "Water, Water, Everywhere." The activity began with a challenge: learners carried water around the school without spilling a drop, imagining they were transporting it to provide for their families. To deepen their understanding, they watched impactful videos showcasing the struggles of rural communities in Africa who face daily hardships in accessing clean water.

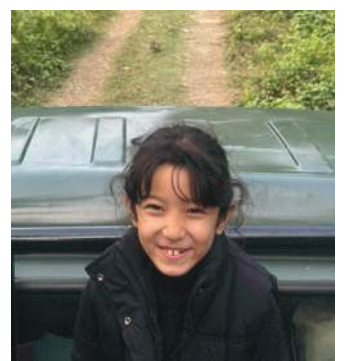

They then took the challenge further, carrying a bucket of water to experience the physical effort involved in a task millions undertake every day. This hands-on activity helped them realise the actual value of water and sparked meaningful discussions about the need for conservation and sustainable access to this essential resource.

Through such experiences, learners build empathy and become globally conscious individuals committed to supporting Sustainable Development Goal 6: Clean Water and Sanitation for All.

Learning, exploration and friendship in Chitwan!

Grade 3 learners experienced an exciting and educational journey to Chitwan from November 26 to 28, 2024. Their adventure began with exploring the vibrant village life, observing traditional transportation, and understanding the lifestyle of the locals. The Jungle Safari was a key highlight, where the learners connected their learning, discussing concepts like camouflage, towering tree heights, and the critical issue of animal extinction. The safari ended on a magical note with a peaceful sundowner amidst the stunning natural landscape.

Another meaningful moment was their visit to the local government school, where they observed a different learning environment and joined hands with local students for games and activities, fostering collaboration and understanding. The trip also offered plenty of opportunities for fun and bonding, with sleepovers and shared experiences creating memories to cherish forever. This journey was a perfect mix of learning, exploration, and friendship!

▶ Grand Gorkha Glory

On November 10, 2024, the Grade 4 learners set off on a 4-day, 3-night annual educational trip to Gorkha. The trip was designed to align with the curriculum, allowing learners to explore the birthplace of Prithvi Narayan Shah and the land of the Gorkhas. The learners gathered at school early in the morning, excited and enthusiastic, ready with their backpacks for the adventure ahead.

On the first day, the learners arrived in Gorkha and experienced the serene beauty of the area from their campsite, where they took time to relax and settle in.

The second day began with a visit to Bhimsen Park, named in honour of Nepal’s first Prime Minister, Bhimsen Thapa. This was followed by an exploration of Gorkha Durbar Palace and Gorakhkali Temple. The learners were fascinated by the iconic statue of Ganesha, a feature unique to Gorkha. They also visited the places where Prithvi Narayan Shah once played and lived. After lunch, the group toured the Gorkha Durbar Museum, where they learned about the Shah dynasty, observed traditional attire, jewellery, and occupations of Nepal’s various ethnic groups, and examined artefacts such as weapons and instruments from the Shah era.

On the third day, the learners visited Siddhakali Temple, climbing 582 stairs enthusiastically to reach the site and learn about the legend behind its construction. Later, they visited local schools and were excited to see Tarakhasey, a place known for meteor falls from long ago.

Overall, the trip was a fun, educational, and meaningful experience. The learners had the opportunity to explore Gorkha’s rich history and culture while creating wonderful memories to cherish forever.

▶ Sparking a Love for Reading with Harry Potter

Grade 5 learners brought magic to the stage during their assembly as they cast a spell of inspiration on their peers with a delightful skit based on Harry Potter - Book of Spells. Their performance combined humour and information, skillfully showcasing the importance of reading and storytelling in our lives.

Through their creativity and enthusiasm, the learners encouraged everyone to explore the magical world of books and discover the joy and wonder they bring. This engaging presentation highlighted their talent and reminded us of stories' power to ignite our imagination and expand our horizons.

At Sanskriti International School, we believe in nurturing a love for reading, and this event was a perfect example of how creative learning can inspire lifelong habits.

An Amazing expedition into History to explore the past and understand the future!

On November 7, 2024, Grade 5 learners culminated their IPC unit, “Being a Historian”, through an Exit Point. Have you ever wondered how historians uncover the secrets of the past? It’s more than just reading old books; it’s about piecing together stories from different sources, asking the right questions, and interpreting history’s valuable lessons.

In this unit, our learners explored what it truly means to be a historian and why this role is essential for understanding our world. They dug deep into different types of evidence—books, photographs, and even a fascinating visit to Shivapuri National Park, where they uncovered the historical stories hidden in nature.

Our young historians created timelines, built family trees to connect with their ancestry, and learned about famous international historians. During International Learning, they explored the evolution of inventions, how tectonic activities shaped the world, and the vital role art plays in recording history. They also discussed the impact of fake news on our health and well-being, linking their learning to real-world issues.

It was a truly enriching experience, filled with exciting discoveries and learning! We are extremely proud of our young historians for their curiosity, creativity, and enthusiasm throughout this journey.

Joyous Journey to India

From November 5 to 12, 2024, Grade 6 learners explored the vibrant Golden Triangle of India, visiting Delhi, Jaipur, and Agra. This journey was filled with excitement and valuable life lessons!

The learners showed incredible resilience by navigating busy markets and adapting to new customs. They embraced every challenge with a positive attitude, demonstrating adaptability and perseverance.

Respect for different cultures was at the heart of their trip. The learners promoted inclusion by engaging kindly with locals and appreciating diverse traditions.

Effective communication also played a key role, helping them connect with tour guides, locals, and each other. Visiting iconic landmarks like Akshardham Temple, Birla Temple, Bangla Sahib Gurudwara, and the Taj Mahal enriched their understanding of history and culture.

Overall, the trip was a wonderful blend of learning and adventure, helping our students grow in resilience, respect, and communication while gaining a deeper appreciation of the world around them!

Chain of Kindness: Anti-Bullying Activity

As part of an initiative to foster kindness and prevent bullying, Grade 7 learners were involved in the “Chain of Kindness” activity. The goal was to help learners understand how small positive actions and words can significantly impact others.

Learners wrote kind messages or pledged positive actions on colourful paper strips, such as “I will sit with someone alone at lunch” or “You are a great friend.” They then linked these strips, forming a vibrant “Chain of Kindness.” As each learner added their strip, they shared their message aloud, creating an atmosphere of positivity and support.

The chain now hangs proudly in the classroom as a daily reminder to spread kindness, ensuring a bully-free environment where everyone feels valued. This simple but powerful activity encouraged reflection and emphasised how each act of kindness can strengthen the bonds within the school community.

The Red Dragon Meets the Golden Triangle: A Celebration of Cultural Fusion and Creativity

Our school buzzed excitedly on Tuesday, November 25, 2024, as we hosted the highly anticipated exhibition, “The Red Dragon Meets the Golden Triangle.” Inspired by their recent school trip to India and China, the learners took us on a captivating journey through the rich heritage of these ancient civilisations.

The exhibition was a beautiful fusion of art, intricate models, traditional dance, soul-stirring music, and innovative projects, offering an immersive experience of the cultural landscapes of both nations. Each display celebrated the enduring contributions of India and China, highlighting the power of cultural exchange and creativity. Learners and parents alike had the chance to engage with the spirit of these civilisations as they explored this dynamic, interactive showcase.

In grades 6 through 9, students demonstrated innovation, collaboration, and cultural understanding through various creative projects. The exhibition featured stunning artwork, detailed models, captivating dance performances, evocative music, and cutting-edge technological innovations. Highlights included intricate Indian rangoli designs, elegant Chinese calligraphy, and creative replicas of iconic architectural wonders, such as the Great Wall of China.

We congratulate our young explorers and creators for their outstanding efforts and thank all those who joined us in celebrating this enriching cultural experience!

Discovering the Beauty and Culture of Jiri

From November 5 to 9, 2024, Grade 9 learners ventured into an inspiring 3DI Outdoor Education Camp to Jiri, a destination renowned for its natural beauty and cultural significance. The journey began with a scenic drive from Kathmandu, featuring stops at Balefi Twin River and Shiva Pokhari, where learners captured breathtaking views of the surrounding landscapes. Upon arriving at the Jiri Camp, students settled in for an adventure-filled itinerary that combined trekking, cultural immersion, and team-building activities. Highlights included a hike to Hanumante Danda, offering a 360-degree view of the Khawa Valley and visits to Hanumante Mahadev and Baishakeswori Temple, where our learners reflected on the region's spiritual heritage.

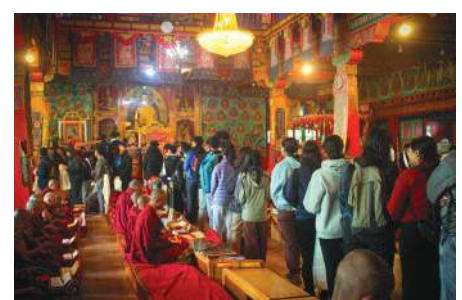

The camp's itinerary further enriched students' learning with visits to Jiri's historic landmarks. The Golden Circle drive revealed the trail famously traversed by Sir Edmund Hillary and Tenzing Norgay Sherpa on their quest for Everest, and the learners stopped at Kune Village for a bird's-eye view of Jiri. Cultural exchange was a significant focus, as the Grade 9 learners interacted with local children at Sahid Smriti School and attended a Sherpa cultural exhibition showcasing traditional music, dance, and craftsmanship. Visits to Buddha Park, Pompa Stone Park, Yelung Monastery, Jiri Animal Farm and the famous pilgrimage site Kalinchowk Devi Shrine deepened their understanding of the region's history and livelihood. The camp ended on a high note with a campfire evening filled with music and dance, fostering friendships and creating memories that will last a lifetime. Through this unique experience, our learners appreciated Jiri's natural beauty and gained insights into Nepal's cultural and historical richness.

A memorable trip to Lower Khumbu

Grade 10 learners embarked on a transformative 5-day outdoor experience from November 10 to 14, 2024, filled with laughter, adventure, and cultural exploration of Khumbu. The journey began with a stop by the serene Sunkoshi River, and a warm Magar community welcome at camp, setting the tone for days of discovery. From trekking to the historic Junbesi Secondary School and the spiritual Thupten Choeling Monastery to soaring high on the Ketuke zipline, the learners embraced challenges with resilience and excitement. Exploring Okhaldhunga's rich heritage, bonding through shared meals, and celebrating with music and dancing around a campfire, this journey was a perfect blend of learning, adventure, and camaraderie, leaving everyone with cherished memories and life-changing insights.

Cultivating the culture of cheerful Tihar

This Tihar Sanskriti International School became a lively canvas of tradition, joy, and unity as each grade added its unique and beautiful touch to the celebrations, making it an unforgettable festival for all.

The festivities started with our Grade 1 learners enthusiastically participating in the Tihar Masala Exchange. They shared and savoured the flavours representing Tihar's warmth and togetherness, fostering bonds over the tastes of this cherished festival. Meanwhile, Grade 2 showcased their artistic skills through vibrant Diyo Painting, brightening the school with colours and creativity. Grades 3 and 4 joined in the celebration with lively Deusi Bhailo performances, filling the halls with song, dance, and

laughter, embodying the spirit of Tihar. Grade 5 crafted marigold garlands to adorn the doors, while Grade 12 learners embraced the vibrant Newari tradition of Mha Puja, a ritual of self-worship and purification. Guided by their teachers, they transformed a hall into a sacred space with a beautifully adorned mandap, vibrant flowers, fruits, candles, and lights. This celebration, rooted in self-reflection and cultural appreciation, highlighted the collaborative spirit between learners and teachers.

Throughout Tihar, our young learners embodied the festival's essence with enthusiasm, respect for tradition, and unity. The celebration was a joyful blend of cultural pride and festive energy that brought our school community together, creating memories that will linger long after the festival ends. By witnessing their creativity, collaboration, and respect for heritage firsthand, we celebrated a heartwarming spirit of togetherness that made this Tihar shine.

तिहार विशेष कार्यक्रम

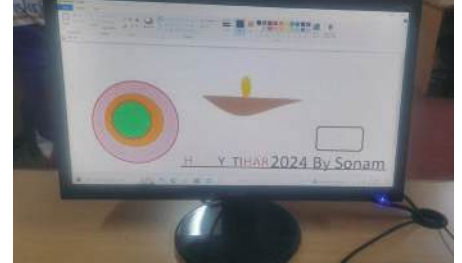

तिहार नेपालीहरूको प्रमुख चाडहरूमध्ये एक हो, जसलाई दीपावली पनि भनिन्छ। यो चाड पञ्चमीसम्म मनाइन्छ र प्रत्येक दिन विभिन्न देवी-देवता र जनावरको पूजा गरिन्छ। तिहारले दाजुभाइ र दिदीबहिनीको सम्बन्धलाई सम्मान गरी उनीहरूबीचको सम्बन्ध अझ प्रगाढ बनाउँछ। दीपावलीमा घर-आँगन सफा गर्ने, दीप प्रज्वलन गर्ने र विभिन्न रङ्गहरूले सजावट गर्ने प्रचलन रहेको छ। यस चाडले समाजमा प्रेम, सहयोग र सम्मानको भाव जागृत गराउँछ र नेपाली संस्कृति तथा परम्परालाई जीवन्त राख्न महत्वपूर्ण भूमिका खेल्छ।

यस वर्षको तिहारमा हाम्रा विद्यालयका शिक्षार्थीहरूले विविध क्रियाकलापहरू गरेका थिए। कक्षा ६ ले रङ्गोली प्रतियोगिता आयोजना गरी रङ्गोली कला प्रस्तुत गरेका थिए। कक्षा ७ का विद्यार्थीहरूले देउसीभैलो कार्यक्रम गरेका थिए, जसले हाम्रो मौलिक गीत तथा नृत्यलाई जीवित राख्न मद्दत गर्छ। कक्षा ८ ले लक्ष्मीपूजा गरेका थिए, जसमा धनकी देवी लक्ष्मीको पूजा गरी आशीर्वाद प्राप्त गर्ने परम्परा रहेको छ। कक्षा ९ ले सेलरोटी बनाएर मिठासको चाड

तिहारको एउटा विशेष परिकार प्रस्तुत गरेका थिए । कक्षा १० ले दुना टपरी बनाएका थिए , जसले वातावरणमैत्री वस्तुको प्रयोग र परम्परागत हस्तकला जगेर्ना गर्न सन्देश दिएको छ।

यी गतिविधिहरूबाट विद्यार्थीहरूले विभिन्न सीप, संस्कृति र परम्पराको महत्त्वलाई नजिकबाट अनुभव गर्ने अवसर प्राप्त गरेका थिए। कक्षा ६ का विद्यार्थीहरूले रङ्गोली बनाउने क्रममा रङ्गको संयोजन र सौन्दर्यात्मक चेतना विकास गर्न सके। कक्षा ७ का विद्यार्थीहरूले देउसिमैलोमा सहभागिता जनाएर समूहमा सहकार्य, कला र मनोरञ्जनलाई महत्त्व दिन सिके। कक्षा ८ ले लक्ष्मीपूजामा आस्था, भक्ति र धार्मिक संस्कारलाई बुझ्न पाए। कक्षा ९ ले सेलरोटी बनाउँदै परम्परागत परिकार बनाउने सीप र कक्षामा सहयोगको भावना सिके। कक्षा १० का विद्यार्थीहरूले दुना टपरी बनाउँदा वातावरणप्रति सचेत रहन र हस्तकलामा रुचि विकास गर्ने अवसर पाए। यी सबै क्रियाकलापहरूले विद्यार्थीहरूको व्यक्तित्व विकासमा योगदान पुऱ्याउँछ र उनीहरूमा सामूहिकता, सिर्जनशीलता र परम्पराको माया जागृत गराउँछ ।

Embracing Global Educational Excellence in ICC 2024, Kuala Lumpur

The leadership team of Sanskriti International School recently had the privilege of attending the International Curriculum Conference (ICC) 2024, held in Kuala Lumpur from November 11 to 13, 2024. The event was an inspiring gathering of educators and leaders committed to advancing global educational practices. It provided a platform for meaningful engagement through school-led workshops, rich networking opportunities, and the exploration of updated standards and methodologies in teaching and learning.

The conference spotlighted key curriculum frameworks, including the International Primary Curriculum (IPC), the International Early Years Curriculum (IEYC), and the Middle Years Curriculum (MYC). These sessions offered valuable insights into the evolving trends and best practices designed to elevate student experiences and outcomes. The Sanskriti team returned with a deeper understanding of these innovative approaches and how they can be applied to further enrich our teaching and learning environment.

A significant highlight of the event was the opportunity to visit two leading institutions, Nexus International School and Taylor's International School. These visits allowed for a vibrant exchange of ideas, practices, and teaching methods. The exposure to diverse educational models and innovative strategies has sparked fresh ideas and inspired the team further to refine our pedagogical approaches at Sanskriti International School.

The conference also brought immense pride to our community as our School Director, Ms. Diptee Acharya, took the stage to present on the theme "Growing and Greening a Sustainable School Culture." Her talk emphasised the importance of sustainability and educational institutions' role in fostering environmentally responsible practices. Her insights resonated deeply with attendees, positioning Sanskriti as a leader in sustainable education.

Overall, ICC 2024 was a transformative experience for the Sanskriti leadership team. We look forward to integrating the knowledge gained and continuing our journey of educational excellence, ensuring our learners are equipped to thrive in a rapidly changing world.

Day 1: Grand Opening Ceremony Sanskriti Model United Nations (SMUN) 6.0 2024

The Sanskriti Model United Nations (SMUN) 2024 was officially launched on Thursday, November 29, 2024, with an inspiring opening ceremony that set the stage for an intellectually stimulating event. The ceremony began one of the most anticipated academic gatherings of the year, bringing together nearly 400 young delegates from across the nation to engage in dynamic discussions on pressing global issues.

The event was graced by a distinguished Chief Guest, Professor/Dr. Bholu Thapa, Vice Chancellor of Kathmandu University, who inspired the audience with his insights on leadership and innovation. Joining him were two esteemed guests: Ms Chahana Singh Rana, Programme Officer at UNICEF Nepal Country Office, who shared her vision for a healthier, equitable future and Head of Education, Wada no 15, Ms Maiya Laxmi.

This year's SMUN saw participation from 19 schools in Kathmandu and an impressive representation of 4 schools from outside the valley, including delegates from Biratnagar, Birtamod, and Pokhara. Together, these schools contributed to a diverse assembly of learners from Grades 7-12, representing 15 dynamic committees.

The opening ceremony underscored these future leaders' passion, intellect, and global perspective as they prepared to tackle complex issues in their respective committees. The day closed on a note of anticipation for the impactful debates and resolutions to come.

As the SMUN 2024 unfolds, stay tuned for updates on committee sessions, landmark discussions, and the delegates' pursuit of transformative solutions for a better world.

Sanskriti International School is proud to nurture young minds, fostering their growth as global citizens ready to lead and inspire.

Day 2: A Day of Passionate Debates and Vibrant Connections at SMUN 6.0 2024

Friday, November 30, 2024 — The second day of the Sanskriti Model United Nations (SMUN) 6.0 was a true celebration of intellect, collaboration, and creativity, as delegates from schools across the region brought their A-game to tackle some of the world's most pressing issues.

The day started with an inspiring briefing by Principal Ms Timila Shrestha, Vice Principal Mr Amit Mantri, and MUN Coordinator Mr Prashant Nagpal. Their words set the tone for a day packed with spirited debates and impactful resolutions.

Delegates immersed themselves in their respective committees, ranging from UNHRC to UN WOMEN, discussing topics such as human rights, environmental sustainability, and international peacekeeping. Unique additions like the Superhero and Byabasthapika Samsad committees brought a creative

twist to the event, while the Media House ensured dynamic coverage of every moment. The rooms buzzed with ideas throughout the day as participants showcased their research, negotiation, and public speaking skills. Heated discussions and thought-provoking arguments reflected their passion for creating solutions to global challenges. The day transitioned into a lively evening of socials, where delegates let loose with music, dance, and networking. The vibrant atmosphere perfectly balanced the intense deliberations earlier, fostering new friendships and memorable moments.

SMUN 6.0 continues to inspire a generation of future leaders. As we move closer to the final day, the enthusiasm and camaraderie displayed by these young changemakers hold promise for a brighter and more collaborative tomorrow.

Day 3: Wrapping Up the Sanskriti Model United Nations (SMUN) 6.0 2024

The final day of SMUN 6.0 unfolded as an inspiring culmination of intellect, passion, and camaraderie. It was a day filled with reflection, recognition, and well-deserved celebrations, marking the end of an incredible three-day journey.

The day began with a refreshing Wellness Session on Mental Health led by the insightful Ms. Aaliya Gartaula, a renowned Sports Psychologist. This session set a mindful and positive tone for the day, encouraging all participants to embrace a balanced and resilient approach to their pursuits.

Following this, the committees sprang into action with lively and thought-provoking discussions. Delegates demonstrated remarkable passion and skill as they presented innovative ideas and well-researched solutions, embodying the true spirit of diplomacy and collaboration.

As the day transitioned into the evening, the Grand Closing Ceremony became the centrepiece of celebrations. Delegates, mentors, and organisers gathered to recognise and honour the outstanding achievements of the young visionaries who made this conference unforgettable. Awards for Best

Delegates, High Commendations, and Special Mentions were distributed across 15 committees, celebrating the hard work and excellence of these aspiring leaders. The invaluable contributions of Committee Chairpersons were also acknowledged with heartfelt gratitude.

Adding a special touch to the event, Alex Pitts from Dikshalaya Nepal Foundation and Nisha Tamang from Shree Geeta Mata Secondary School delivered stirring speeches that resonated deeply with everyone present. Their heartfelt words reminded us of the power of education, empathy, and collaboration to transform the world.

We extend our sincerest thanks to Ms. Aaliya Gartaula for sharing her expertise and wisdom, making this event even more enriching.

Finally, a massive shoutout to all the phenomenal learners from schools near and far! Your dedication, enthusiasm, and spirited participation turned SMUN 6.0 into a resounding success. Here's to many more editions of Sanskriti Model United Nations, fostering meaningful dialogue and nurturing a shared vision of global harmony. Until next time!
